Education

Technological Institute of the Philippines **Manila, Philippines**

BS in Mechanical Engineering *Graduation date: April 2014*

- ABET (Accreditation Board for Engineering & Technology) accredited

Work Experience

San Miguel Yamamura Packaging Corporation **Cavite, Philippines**

Production Shift Engineer – Assistant Team Leader *November 2014 – Present*

- Collaborated with the Yamamura Japan team in overhauling the blowside of IS Machine in June 2017.
- Collaborated with the Bucher Emhart Glass team in overhauling the feeder and ware handling processes in July 2017.
- Proficient in operating I.S. machines to shape and mold molten glass into customized bottle designs by press or by blow.
- Proficient in seamlessly transitioning job changes by loading new job files onto production line console, including those associated with the introduction of molds for new designs.
- Capable of precisely calibrating forehearth temperature to match the desired running temperature for diverse bottle designs.
- Mixed high purity mineral oil & food safe additives solutions to swab molds and reduce adhesion of glass on parts, driving defect rates down by 70%.
- Monitored production line data and outcomes to identify defects and produce optimization solutions, resulting in a 80% decrease in product non-conformances.
- Identified & resolved root cause defects in glass bottles to prevent further production loss, resulting in a 25% decrease in defect rate.
- Meticulously validated production processes against quality standards for about 240 units of glass bottles per minute to ensure customer requirements for weight and dimensions were met.
- Awarded “Excellent Record Award” for having a perfect attendance for the year 2022.
- Awarded Champion of The Month last August 2022 for diligence, dedication, and performance.
- Achieved highest team production efficiency for the month of May 2022 with 95.86%.

Skills and Interest

- National Certificate II in Automotive Servicing, April 2019
  Technical Education and Skills Development Authority
- National Certificate I in Automotive Servicing, October 2018
  Technical Education and Skills Development Authority

Leadership and Training

Internal Auditor – Team Leader

- Coordinated and directed a team of 6 auditors for the second cycle audit in 2023, first and second cycle audit in 2024 and 2025 ensuring compliance with industry regulations and avoiding potential non-compliance penalties.
- Assist in developing scope, performing testing, and developing findings under the direction of Internal Auditor Management.
- Perform reviews of working papers to ensure accuracy and completion and assist in clearing any review points provided by team leads and audit management.
- Document work performed in workpapers in a timely manner and respond to manager review comments.
- Plan and manage Internal audit mandates, including documentations of work performed, and management of costs and time for mandates.

Record and Data Control Management Committee - Member

- Manage and protect the company’s important records.
- Track and safeguard records under the Records Center’s control by efficiently coordinating the transfer of records to off-site storage.
- Coordinate the annual retention compliance review process.
